

Errata

Lidia Testova

Isolation of birch xylan as a part of pulping-based biorefinery

School of Chemical Technology Aalto University publication series DOCTORAL DISSERTATIONS

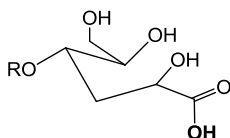

208/2014

Date of Errata: 22.01.2015

Chapter 2.4.2, page 22

It should read: (Ea stopping = 134.7 kJ/mol for cellulose (Haas et al., 1967) **111 kJ/mol** for softwood galactoglucomannan (Paananen et al., 2010)).

Chapter 2.4.2, page 23

It should read: Metasaccharinic acid

Chapter 4.3.1, page 44, Figure 4.5 and 4.6 captions

It should read in the printed version: P150 – light bars, P170 – dark bars.

Paper II, page 186, before Equation 3

*-2pt should not appear.

Paper II, page 189, section 3.4.

The equations should be numbered consecutively as 8, 9 and 10.

Paper IV, page 8309, Conclusions

It should read: efficient in **purifying** xylan.
