

Errata

Sisko Hellgren

The Bayesian Model for Cruise Shipbuilding: a Process for Production Efficiency and Organization

School of Engineering

Aalto University publication series DOCTORAL DISSERTATIONS 240/2016

Date of Errata: 9.12.2016

Contents, page 3

should add “2.4 Critical evaluation of the available models to study organizational and production efficiency.....35”

Special Terms, “7 wastes”, page 7

“processing of “should read “processing”

Chapter 3.1. Variables, page 42, line 3

“Figure 2” should read “Figure 1”

Chapter 3.4., page 76, line 7

“27” should read “26”

Chapter 4.2., page 89, 9th line from bottom and page 90 1st line from bottom

“Table 10” should read “Table 12”

Chapter 4.2., page 90, line 5

“Table 11” should read “Table 13”

References, page 100, 7th line from bottom

should add “Modelling of a cruise shipbuilding process for analyzing the effect of organization on production efficiency”
