Publication I

Equation (4) should have a minus sign in the denominator.

Publication V

In Table I, the directivity $D_{\text{max},f_0}$ should be replaced by the gain $G_{\text{max},f_0}$ also for the case of a PVC cylinder.

Publication VI

In Fig. 4, the first-order ground plane wavemode resonator should read $R_{c_1,b}$ instead of $R_{c_2,b}$ inside the dotted rectangle, and the second-order ground plane wavemode resonator should read $C_{c_2,b}$ instead of $C_{c_2}$ inside the dashed rectangle.
