

ERRATA

Paper II:

- Introduction, page 59 should state “low consistency refining also straightens the fibers therefore making the fiber network stronger”
- “Hysteresis” is sometimes erroneously used instead of “hornification”

Paper V:

- Table 3 refers to samples of *E.grandis*/*E.dunnii* (Uruguay)

Paper VII:

- On top of page 5, should state “the amount of non-freezing water and micropore water obtained with DSC...”
