

Hanna Järvenpää

Quality Characteristics of fine Aggregates and Controlling their Effects on Concrete

ERRATA

Pages: 64, 107-109, 134-141, 147, 165-167, 175, 182, 186, appendix 4 (8-12)

The unit of the bleeding should be **[g/dm³]** instead of [g/cm³].

Page 52:

The monolayer capacity n_m can be calculated using equation **7**

Page 53:

By combining the equations **8 and 9**
