Errata

Publication I

The lines in the legend of Figure 2 are in a different order than the curves in the figure. The line for the highest churn rate (1/5s) should be the top one in the legend and the line for the lowest churn rate (1/30s) the bottom one.

Publication VI

The first sentence of the last paragraph of Section 7.5 should be: "It should be noted that the results look slightly different when the overlay is static (i.e., when there is no peer arrivals and N stays constant at 10,000) since in that case the root of the tree is always stored by the same peer."
